The Process Step by Step:

1

Contact the Jewish Agency

Call the Jewish Agency's Global Center at 0800 891 8023 and open your file. You will then receive the list of documents and forms needed to begin your Aliyah process.

2

Documents Submission

Send all the above mentioned documents to the Jewish Agency's Global Center by email. Make sure that documents are legible and in PDF format.

3

Additional Information

In addition to the required documents, you need to provide the information below:

- Full name and birth date of your parents
- Your full current address and phone number

4

Interview

The Jewish Agency will send an interview request to Misrad HaPnim on your behalf. The interview will be done by a representative of Misrad HaPnim. You must bring all **original** documents to the interview!

5 Aliyah Approval and ID

After passing the interview, you either proceed to have your biometric ID created immediately, or the Jewish Agency will arrange that for you by making another appointment.

Important Notes:

Only for Olim

This process applies only to those becoming olim chadashim. If you have a special status (e.g. ezrach oleh or katin chozer), a different procedure will apply.

Additional Documents

Additional documents might be required depending on your personal situation and the city where you will be interviewed.
